George Orr Templeton

1887-1966

George Templeton's name first appears as an Honorary Life Member in the 1959 Programme Booklet, at the same time as does that of founder President William Macartney. However, due to the absence of official documents, such as minutes of meetings for the period concerned, we have no information about the roles performed by George Templeton. (Positions such as Secretary and Treasurer seem to have been filled by others.)
